You Will Learn . . .

This conference will provide you with an overview of today’s quality asphalt materials and will examine the multiple types and usages of hot mix asphalt, including porous asphalt, perpetual HMA pavements and hot in-place asphalt recycling. Additionally, presentations on subgrade testing, aggregate resources and innovative contracting options will be provided. The impact of Wisconsin’s asphalt research and related implementation efforts will be also presented.

Who Should Attend?

This conference will assist state, county, city and town highway officials and maintenance personnel, engineers, architects, contractors’ personnel and material and equipment suppliers in the performance of their jobs.

Program Committee

Mark Blow, Asphalt Institute
Thomas Brokaw, Wisconsin Department of Transportation
James Crovetti, Marquette University
Jeffrey Dellemann, City of Milwaukee
Wesley Shemwell, Federal Highway Administration
Rick Schmidt, Payne & Dolan, Inc.
Scot Schwandt, Wisconsin Asphalt Pavement Association, Inc.

48th ANNUAL ASPHALT PAVING CONFERENCE

November 16, 2005 ◇ Country Springs Hotel & Conference Center ◇ Waukesha, WI

Presiding

A.M. SESSIONS
Steve Kennedy
President, Wisconsin Asphalt Pavement Association

8:00 A.M. Registration – Coffee & Rolls
8:50 A.M. Welcome Address
Stan Jaskolski – Dean, College of Engineering, Marquette University
9:00 A.M. Perpetual Pavement Instrumentations
James Crovetti – Associate Professor, Marquette University
9:45 A.M. Implementation and Impact of Asphalt Research
Hussain Bahia – Professor & Technical Director of WHRP, UW-Madison

10:15 A.M. Refreshment Break
10:45 A.M. Innovative Contracting Options
Hal Wakefield – Infrastructure & Technology Team Lead, Illinois Division of FHWA
11:30 A.M. The Search for Quality Aggregates
Bruce Brown – Senior Geologist, Wisconsin Geological & Natural History Survey
12:15 P.M. Lunch

P.M. SESSIONS
Jeff Dellemann
City of Milwaukee

1:30 P.M. Hot In-Place Recycling
Gary Evans – Engineering Services Manager, Waukesha County DPW
Tony Bodway – Rotomilling/Reclamation Manager, Payne & Dolan, Inc.

2:00 P.M. Porous Asphalt
Debbie Schwermer – Quality Control Manager, Black Diamond Group

2:30 P.M. Adjourn
The Asphalt Institute

365 D St., N., Suite 1020
Lexington, KY 40507-0932
(800) 286-6460
www.asphaltinstitute.org

The Asphalt Institute, first organized as the Asphalt Association in 1919 and reorganized in 1929, is an international nonprofit organization. AI is supported by members of the petroleum asphalt industry to serve both users and producers of asphalt materials through programs of engineering service, research, and education.

The Federal Highway Administration

365 D Street, Suite 1020
Madison, WI 53719-2044
(608) 262-7321
www.fhwa.dot.gov

The Federal Highway Administration, in cooperation with the States, administers programs vital to maintaining the integrity and safety of our Nation’s roads and highways by carrying out the requirements of highway legislation, working cooperatively with public and private partners to advance technology, delivering technical training and assistance, promoting use of the best available safety practices and technologies, and ensuring full accounting of the impacts of highway activities on the human and natural environment.

Milwaukee Department of Public Works

2461 N. Broadway, Room 740
Milwaukee, WI 53202
(414) 286-2400
www.mwpw.wi.gov

The Department of Public Works mission is to promote the health, mobility and quality of life of all City of Milwaukee residents and visitors. DPW is dedicated to providing public way and infrastructure systems that protect and enhance Milwaukee’s urban heritage and add value to the City’s neighborhoods and commercial and industrial areas.

Wisconsin Department of Transportation

4825 Shattuck Avenue
Madison, WI 53707
(608) 260-5399
www.dot.state.wi.us

The Department of Transportation is dedicated to quality transportation for a better Wisconsin. The Department provides leadership in the development and operation of a safe, efficient transportation system meeting the growing and changing travel needs of all individuals and businesses.

Marquette University Transportation Research Center

P.O. Box 1881
Milwaukee, WI 53201-1881
(414) 286-1727
www.trc.marquette.edu

The Marquette University Transportation Research Center (MU-TRC) conducts research, performs testing, and provides training in the areas of highway maintenance and operations, traffic engineering and safety, highway and airfield pavement materials, and construction. MU-TRC has testing facilities for hot mix asphalt, concrete, steel, wood and aggregates, and provides nondestructive analysis of pavement systems using a falling weight deflectometer.

General Information

3 Easy Ways To Pre-register

BY MAIL:
Marquette University
Transportation Research Center
Haggerty Hall, Room 260
P.O. Box 1881
Milwaukee, WI 53201-1881

BY PHONE:
